

LEGISLATIVE UPDATE

From Mike Morris...

February 28, 2020

All,

There was a House Budget Subcommittee meeting this week to make recommendations to the main Budget Committee. The committee made several recommendations but, none of them made any changes to the Governor's Recommendations relating to MOSERS, MPERS, and MCHCP.

The House Pensions Committee held a hearing on HB 2165(Ross) reducing the number of MoDOT commissioners on the MPERS Board from three to one. There was no one who testified in opposition and an executive session is scheduled for next Tuesday.

The Senate Health and Pensions Committee hearing was cancelled after an all-night filibuster on Tuesday in the Senate.

Mike Morris
